# CARE IN THE HOME

## Long Range Wireless Floor Mat & Pendant to Pager Kit

Create a "Hospital in the Home", But Keep the Home Environment. This home Care Kit allows a carer to freely walk about the house and garden (Range up to 100M) with the knowledge help is just a push of a button away for the one your caring for. If the user attempts to get out of bed, as soon as they place a foot on the bed side mat you will also be informed via your professional use pager.

Kit includes:

1 x A-MAXIMAT-FOLDABLE, 1 x A-SAL-GP-PC-01, 1 x A-PAGER-7950

1 x A-BARREL-GRIP-3M, 1 x A-ADAP-02

This range of long range wireless devices can also in addition include wireless personal pendants, and by using a utility transmitter we can monitor just about anything including doors (sold separately). Speak to one of our friendly sales team and allow us to create a "hospital in the Home" package that meets your requirements.

A-SAL-HOSP-KIT-01

## CURA1 HOME CARE PAGER KIT

The Home Care Pager Kit offers direct communication between resident and Carer's pager in the form of an alarm tone. This Cura1 pager kit is a portable mini system providing wireless button to pager alerting application.

It is packaged to include two wireless pendants each having a mounting bracket plus lanyard for flexible use.

The system is suitable for covering short distances (up to 30 meters) in the home.

A-HOME-CARE-KIT

## LONG RANGE CALL POINT TO PAGER KIT

The Call Point to Pager kit is excellent for use in home care, medical centres, hospital wings, aged care facilities and other public building spaces. 100 meters range, and more with the use of a range extender, this system provides peace of mind for both carers, and those whom may call for assistance.

Each call point will have an individual ID message which transmits directly to the professional pager/s.

There is no limit to the number of call points or pagers that can be used. Also, extremely valuable for staff duress in public buildings such as libraries. The applications are endless.

A-SAL-GP-01-KIT

## LONG RANGE PENDANT TO PAGER KIT

The Pendant to Pager kit is excellent for use in home care, medical centres, hospital wings, aged care facilities and other public building spaces.

100 meters range, and more with the use of a range extender, this system provides peace of mind for both carers, and those whom may call for assistance. Each pendant will have an individual ID message which transmits directly to the professional pager/s.

There is no limit to the number of pendants or pagers that can be used. Also, extremely valuable for staff duress in public buildings such as libraries.

A-PAGER-PET-UHF-KIT

## PANIC ALARM WITH FLASH LIGHT

Attach this panic alarm to your keys or bag via the key chain. Press the panic button or pull out the emergency pin and your device will sound a loud 125-130dB alarm.

Also includes second button for led light, perfect for finding something in a dark bag, unlocking the door at night or signalling for help.

Made from ABS plastic, weighing 32g and with dimensions of 5x5x2.3cm, makes this the perfect addition to every set of keys, handbag or school backpack.
